BIOGEL Care Gel Five-Toe Separators

Gel Five Toe Separators are made with 100% Medical Grade BIO GEL which is soft, elastic, cushioning, soothing and skin moisturising.

Perfect to use for reducing friction between toes, straightening crooked or overlapping toes, and reducing sweat between the toes.

This pack includes 2 x Gel Five Toe Separators for the left and right feet.

- Help relieve the pain caused by friction of toes.
- Separates overlapping and crooked toes.
- Light, slimline design is effective yet comfortable to wear with most shoes, unlike bulky competitive products.
- The four loops help to keep a proper gap between your toes and the unique gel memory formulation fits all kinds of foot shapes. Can be worn with or without shoes.
- BIO GEL has inorganic antibacterial properties that can prevent bacterial growth and is environmentally friendly and can be recycled.
